

Planting Plan

Average Day of Last Frost: _____

Soil-Bed	Portion of Bed	Type of Plant	How Many? (# of plants)	When to Plant

Instructions:

- 1. Enter the average day of last frost for your area.
- 2. List the soil-bed (1, 2, 3...) where each crop will be planted.
- 3. Designate what portion (full, 3/4, 2/3, 1/2, 1/3, 1/4) of each bed will be planted in a crop.
- 4. List the type of plant, how many plants you will need, and when to plant each crop.
